Quality, Environmental and Health and Safety Policy Statement and Objectives

It is the Quality, Environmental and Health and Safety Policy of AMS No Dig who recognise the need to conduct their activities in a responsible manner to achieve the following statement's objectives :-

By informed choice to control the processes of AMS No Dig, the Managing Director accepts overall responsibility for determining this policy

AMS No Dig objectives are:

- **To establish and maintain a Quality, Environmental and Health and Safety continuous improvement plan.**
- **To achieve agreed contractual requirements, applicable legislation and waste reduction**
- **To maintain Quality, Environmental and Health and Safety compliance throughout the company by awareness training.**
- **To limit the environmental impact of its activities by waste and material handling and reduction methods.**
- **To investigate and report any quality, Health and Safety or environmental complaints or incidents in a responsible manner.**
- **To record, monitor and publish, if required, statistics related to environmental improvement target achievement**
- **To provide suitable resource to ensure the company meets all its obligations in respect to Quality, environment and Health and Safety.**
- **To prevent pollution in any form from its activities.**

Signed		Dated	16/10/2013
Managing Director			

To ensure achievement of these intentions, AMS No Dig has implemented a Quality, Environmental and Health and Safety Management system throughout their operations, which is mandatory for all employees and is designed to comply with the requirements of :-

ISO 9001:2008, ISO 14001:2004 and OHSAS 18001:2007 plus all applicable Industry Scheme requirements (e.g. Network Rail disciplines)

The company's Compliance Manual defines its Quality, Environmental and Health and Safety system principles and compliance with the above ISO / OHSAS standards

The IMS (Integrated Management System) Manual and associated work records define the processes implemented, to ensure compliance with both the company's quality and legislative requirements, the British Standards plus all applicable Industry Scheme requirements.
